

List of Pay Record Data that can be imported into BrightPay

BrightPay facilitates the importing of a mix of payments, additions and deductions in a single CSV file.

This offers an alternative to the importing of different kinds of pay items (period payments, hourly payments, additions, deductions, etc) in single runs.

The File Specification

The following fields are available for import, as per user requirements. **Please note:** up to 5 items can be imported for each type of pay item.
