

If you haven't yet selected **PAYE Modernisation software**, read on now...

Why PAYE Modernisation is challenging to process manually:

-  You have no facility to directly submit information to Revenue
-  Payroll processing takes up valuable time
-  Human calculations are error prone which are difficult and time consuming to locate and correct
-  Miscalculations may result in penalties
-  Employee payslip distribution every pay period is mandatory and can't be done manually

PAYE Modernisation compliant software helps to:

bp brightpay

- ✔ Submit PAYE information electronically with a few simple clicks
- ✔ Retrieve tax credits and cut offs automatically
- ✔ Ensure information accuracy & GDPR compliance
- ✔ Pay your employees on time
- ✔ Comply with payroll tax and record-keeping laws
- ✔ Manage the payslip distribution detailing PAYE deductions and all necessary information each payroll run, irrespective of your employee numbers
- ✔ Gain significant time and cost savings
