Payroll is a headache for many payroll professionals

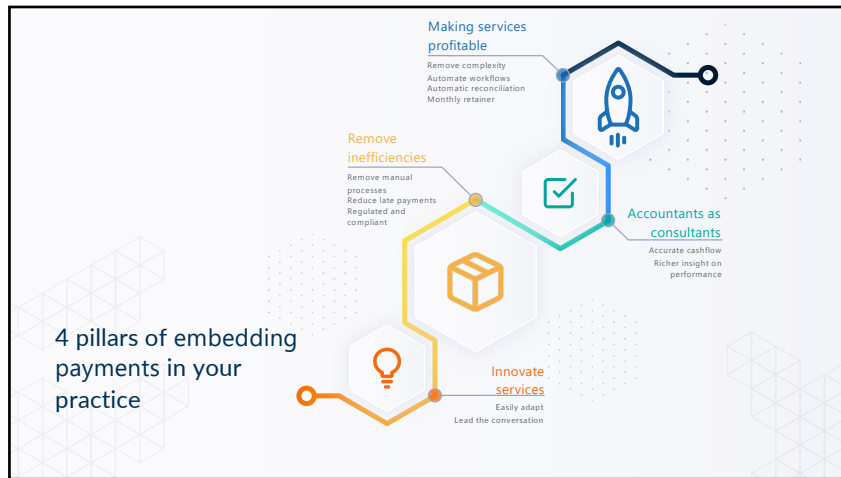

- Lack of automation**
Time consuming and heavily manual process that is prone to costly errors
- Manual client burden**
manual workflows increase pain points
- Pressure to deliver**
Need to deliver a premium service, on time, every time.
- Increases overheads**
Growing costs to deliver
- Complex payroll patterns**
require flexible approach to managing changing payroll
- Regulatory change**
Increased choice & complexed payroll models

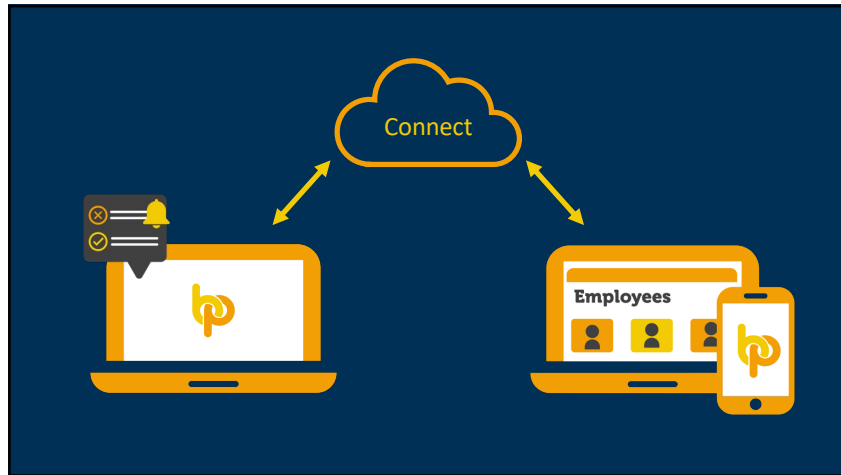

Accountants are offering enhanced services

	Future-proof the practice	Don't fall behind the competition simply because clients aren't currently asking.
	Meaningful propositions	By offering greater functionality, attracting and retaining clients is easier.
	Embed services	Embed your practice directly into your clients' systems and create a deeper business bond.
	More client interaction	We all like talking to humans. Free up the team's time so they spend it on what matters.
	Differentiate	Offer hassle-free and easier services than the competition.

Automated payroll as a competitive advantage

Enhance your service offering to clients

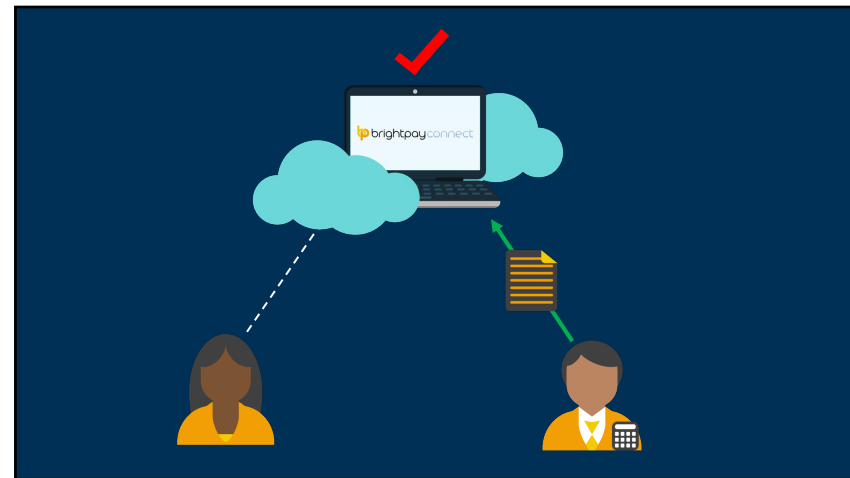

Employer Dashboard

Online Client Portal:

- Clients can access what they need with no bureau intervention needed
- Run payroll reports, view payslips, view amounts due to HMRC
- Automatically available to the client through their online portal
- No need to email payslips and reports to clients each pay period

Employee Self-Service App:

- Remote access to their own payslip library anywhere anytime
- Eliminates time spent printing or emailing payslips
- Access to HR documents e.g. Contract of employment
- Request annual leave at anytime, anywhere from a self-service app

Our aim is to make payroll quick & easy for BrightPay users

Traditionally payroll and payments have been separate processes

BrightPay's integration with Modulr enables direct payments
